

**Ages  
10-12**

## **RSW25** Design Your Railway Station Competition

Organised by: **Rail Forum**

**Top Tip:** *Railway stations aren't just about trains—they're about people. Think about how your station makes journeys easier, safer, and more enjoyable for everyone!*

**Imagine you're the architect in charge of designing a brand-new railway station! It can be realistic, futuristic, eco-friendly—or even magical.**

1. Use the above blank space to draw your station. Include anything you think is important and consider elements of safety throughout!
2. Then, on the next page, answer the questions to explain your design.

**Deadline: 22 August 2025**
